Re: Political Signs in the unincorporated areas of Williamson County

Dear Candidate:

This letter is written as a reminder for those of you who are planning on posting political signs for the upcoming election. The following are sign regulations from the Williamson County Zoning Ordinance as they pertain to political signs in the unincorporated area of Williamson County.

Regulations for **Temporary Political Signs**:

Political signs (or temporary signs of any type) **may not be located within**, or project into, any **public road right-of-way** in the unincorporated area of the County (per Sect. 18.05).

For political signs located on **private property**, the following criteria are to be met (per Sect. 18.08):

- Maximum size of any one sign = 16 sq.ft., 6' high
- Maximum amount of signage per parcel = 30 sq.ft.
- Maximum number of signs per parcel = 5

In addition, the Williamson County Commission has passed a resolution regarding the placement of temporary political signage on County-owned property. Before posting on any County-owned property, you should check with the manager of that facility.

So, place your campaign signs on private property with the owner's permission (and meeting above criteria), and no permits are required. Should you have any questions, please call our office. Good luck with your campaign.

Sincerely,

Lee Sanders
Codes Compliance Director
